Electric and Hybrid Cars - Curtis D. Anderson 2010-03-30

This illustrated history chronicles electric and hybrid cars from the late 19th century to today's fuel cell and plug-in automobiles. It describes the politics, technology, marketing strategies, and environmental issues that have impacted electric and hybrid cars' research and development. The important marketing shift from a "woman's car" to "going green" is discussed. Milestone projects and technologies such as early batteries,

hydrogen and bio-mass fuel cells, the upsurge of hybrid vehicles, and the various regulations and market forces that have shaped the industry are also covered.

Beyond the Sangres - Wesley C. Brewer 2005-05

Beyond the Sangres is a family saga that tells of the life long struggle of Zan and Liette to reconcile their heritage with the forces that run rough shod over their lives in the later half of the twentieth century. Beyond the Sangres reveals what happens to people of mixed ancestry when they are entangled by ties to divergent cultures. This powerful first Novel is a tale about the failure and success of adaptation and the creation of a new ethnicity. It is a story of love: love of the land, love of country, love of a lost way of life, and the love of a woman and man for each other. The heroism of human longing and the anguish of revolution set the stage in Beyond the Sangres for rebirth in a new creation. 'Beyond the Sangre' reveals an America that few know, but many long for. This book is as

enigmatic as its title and has layer upon layer of meaning. If you want a unique read about a yet to be discovered America, read 'Beyond the Sangres.'

Humvee at War - Michael Green

When it entered army service in 1985, AM General's high-mobility multipurpose wheeled vehicle-better known as the Humvee-quickly assumed the status the World War II jeep enjoyed among an earlier generation of soldiers. Humvee at War showcases this iconic vehicle in the many roles and configurations it has taken on over the years-ambulance, troop transport, and armament carrier among them.

Illustrated Dictionary of Automobile Body Styles, 2d ed. - Lennart W. Haajanen 2018-03-16

Cars today fit a fairly small number of body types—sedan, coupe, station wagon, SUV, hatchback and a few others. The meanings of these familiar terms have changed over the decades as automotive design has evolved. Along the way, a greater number of earlier body types have fallen out of use and become historical curiosities. Who today can identify a

charabanc, a dos-à-dos or even a phaeton? This expanded second edition defines all distinct body types since the early days of the automobile, many of which were derived from horse-drawn vehicles. Entries, many including clear line drawings, describe popular types and variations from different countries and time periods as well as terms for body components. Subtypes and subtle distinctions are explained and common misuses of terms and designations are clarified.

Tramway and Railway World - 1904

The Blue Bottle Club - Penelope J. Stokes 1999-12-02

Four friends gathered in a cold, dusty attic on Christmas day to make a solemn pact. "Our dreams for the future," they whispered, placing tiny pieces of paper into a shimmering blue bottle. But that event happened in 1929, and it is decades later when local news reporter Brenna Delaney stumbles upon that bottle . . . and into the most meaningful story of her career. Life has taken those four girls' dreams of love, fame, and faith on a path fraught with seduction, betrayal, and loss. Little has turned out as expected—and yet every choice, every tear has led each of them to a special place. Brenna's search will uncover the secrets of that Blue Bottle Club . . . and her own life will never be the same. "A beautiful novel about friendship and the power of faith to renew our dreams." —Angela Hunt, author of *Magdalene*
