Timeless on the Silk Road - Heather Ellis
2019

Timeless On The Silk Road is a travel memoir based on one woman's solo motorcycle odyssey along the fabled Silk Roads of antiquity. Faced with her mortality, this is a profoundly confronting tale of life and death. An evocative journey of courage, hardship and immense beauty of landscape and culture, Heather brings to life every character she meets along the way. She pays homage to the fallen ANZACs; crosses oil-rich Azerbaijan and the Caspian Sea. In Turkmenistan and Uzbekistan, she enters the ancient world of Islam, then rides over the high snow-capped mountain passes to the lush valleys of Kyrgyzstan where the nomads take her into their yurts and their hearts. She becomes lost in the vastness of the birch forests of Kazakhstan's Altai Mountains where she is rescued by Russian mountain men. And in China, she is repeatedly told there will soon be a new world order. Timeless On The Silk Road is essentially the

story of one woman's last adventure; her one last search for meaning as she navigates the pendulum of denial and hope: depression and faith. But it is through this search that the narrative is infused with a deep spiritual power leaving the reader questioning their own mortality and leaving them with a deeper understanding of what it means for the millions globally living with HIV; for the newly diagnosed; and for those, without access to effective treatments, continue to die from AIDS. Timeless on the Silk Road is Heather's eagerly anticipated second book and follows Ubuntu: One Woman's Motorcycle Odyssey Across Africa, a travel memoir about a life-changing adventure into the soul of Africa. Published by Black Inc in April 2016 and Illuminatio in Poland in June 2017, Ubuntu has received rave reviews in Australia and internationally, and continues to be listed as a 'Bestseller' in travel on Amazon. Heather has worked as a radiation safety technician, a motorcycle courier in London, a

journalist and in communications in international community development. She lives in the Yarra Valley, Australia with her three children. And she still rides motorcycles.

50 Wild Motorcycle Tales - Walter F. Kern
2014-06-21

This book is an anthology of motorcycle stories. These 50 stories were submitted to me over a 13-year period by a wide range of motorcyclists from all walks of life. These authors tell their own personal stories of what happened to them as they rode their motorcycles. Among these writers are a few professionals who made some of their works available to me early in their careers. They now have books of their own. Some tales are very short, and some are very long. I've tried to mix them up. You may find the stories of some authors grouped together. Each tale was intensively edited to provide a good

reader experience. You'll find humor, risk-taking, adventures, poetry, rhyming verse, 2-up excursions, world travelers, stupid tricks on bikes, lessons learned, winter riding perils, hazards while riding, and stories told by returning riders. I wrote five of these stories. Two of my stories relate my experiences on my motorcycle trips. Two stories are fictional children's stories that involve fantasy and motorcycles. The last story is a short fictional tale that describes an alternate world of motorcycles. Got a better original tale? Send it to me for consideration in a possible sequel.

Riding in the Zone - Ken Condon 2019-10-15

Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect

entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

Falloon writes with enough detail to make restoring these great bikes much easier, and also includes a chapter on how to live with an R90S, using them as reliable daily commuters, making popular upgrades, and what to look for if you are

in the market for one. With outstanding looks and high-quality equipment, the R90S has justifiably garnered a devoted following of motorcycle enthusiasts who will want to own this definitive book.

Motojournalist Peter Jones tells all in *The Bad Editor*, *Collected Columns* and *Untold Tales of Bad Behavior*. This 250-page book reveals the inside story of a motojournalist's life inside the USA motorcycle industry. The book was created to be irreverent entertainment for motorcycle enthusiasts, not to even scores, vent anger, or be hard-hitting muckraking journalism. In this book, no names are mentioned, brands identified, or world problems solved. The 30 *Collected Columns* in this volume first appeared, in slightly different forms, in *SportRider*

Magazine, American Roadracing Magazine, Motorcycle Street & Strip, Speed.com, and Motorcyclist. The 19 Untold Tales of Bad Behavior are original to this book. This is the first published collection of moto-writings by Peter Jones, a familiar voice to many motorcycle enthusiasts due to his 20-plus years of motorcycle reviews, columns and lifestyle editorials in numerous periodicals. Jones is known to be a dubious writer who chooses his friends poorly and who has failed to be a positive ambassador for motorcycling.
